Vaidik Inter College	Uttar Pradesh
<i>Matriculation, Board of Uttar Pradesh (77.67%)</i>	2016–2017

EXPERIENCE

Web Developer Intern	July 2022–Sep 2022
<i>S.O. Infotech Private Limited, Noida</i>	

- During my internship at SO Infotech Private Limited, I had the opportunity to work as a Web Developer Intern, where I collaborated closely with my team members to create APIs. This experience was invaluable as it allowed me to understand the core structure of web applications and the importance of code optimization.
- One of the key takeaways from my internship was the significance of teamwork in software development. I learned how to communicate effectively with my peers, share ideas, and implement feedback, which ultimately led to the successful completion of our projects. This collaborative environment helped me enhance my development skills significantly.
- Moreover, I was exposed to various tools and technologies during my internship, such as Eclipse IDE and Visual Studio, which I had previously studied but had not used in a professional setting. This practical application of my knowledge solidified my understanding and boosted my confidence in web development.

PROJECTS

Banking System / Java, HTML, CSS, Javascript

- This project is based on Servlet. Oracle database is used in this project.
- There are two modules in this project. First one is admin module (that is handled by bank employee) and other one is user module. Here, all the transaction related data can be maintained.

HR Solution / Java, HTML, CSS, Javascript

- This is a web based application. The main aim of the project is to develop a Human Resource Module for the Intranet Automation of HR Software for an organization.
- The site containing pages about an employee has to be dynamically created based on the user id and password and provide links to web pages.

TECHNICAL SKILLS

- **Languages:** Core Java, Java, HTML, CSS, JavaScript, React
- **Tools:** Eclipse, VS Code, Windows, GitHub
- **Database:** Oracle, SQL, MYSQL
- **Server :** WebLogic, Apache Tomcat

CERTIFICATION

Java Full Stack Development (Ducat Institute, Noida, June 2022- Jan 2023)

OTHER SKILLS

- MS Word, Powerpoint, MS Excel, Canva
- Teamwork
- Hardworking
- Honest
